Summer 2015

Hello and welcome

Is it that time of the year again?
Where has 2015 gone?

Anyway let me take this opportunity to thank you for your support throughout the year and have a very Merry Christmas and Happy New Year.

Please note that I am no longer mailing out my newsletters so just print this attachment to use the voucher.

PS: I have also just recently launched my new website, so check it out, I would love to hear your feedback.

Carolyn xx

Annual Leave

I will be taking a short break over Christmas from 24th December until Monday 4th January - No country trips the week prior to Christmas or the 1st week of January so the whole week days I will be taking appts in my CBD studio.

I will take another short break in February from 11th to the 15th.

New German technology has arrived at Proskin Clinic!

In October I introduced a new IPL machine to the business... **The Allegro.**

The Allegro is the fastest machine on the market delivering superior results - and did I mention pain free!

I can now treat white, red and dark hair (and white facial fuzz). The fuzz gets treated a little differently from traditional Hair Reduction treatment.

I actually wax first and immediately use the Acne Head to shoot blue light down the open hair follicle to target the blood source and disable the hair follicle. Traditionally using the Red Light in the Hair Removal Head the target is the Melanin or Pigment in the hair.

I also can treat acne and Skin Rejuvenation for sun damage and collagen stimulation.
