REAL SKINCARE. REAL RESULTS

FOR YOUR BEST EVER SKIN

"I have spent over twenty years as a cosmetic physician working with clients exposed to one of the harshest conditions in the world - the Australian sun. I established Ultraceuticals in 1998 as a concise **science-based skincare** range to address the major skin concerns. Ultraceuticals products are developed using **optimal concentrations** of scientifically proven and potent ingredients in cutting edge **consumer-trialled formulations**. Ultraceuticals is available solely where trained skincare advisors can provide professional recommendation."

SKINCARE THAT WORKS

We believe healthy looking, radiant skin can be achieved by everyone. Ultraceuticals products have been developed to ensure optimal skin results for our customers whilst balancing this with packaging that is environmentally considerate and products not tested on animals.

COARSE TEXTURE & VISIBLE PORES

Coarse skin texture can be characterised by dull and uneven complexion, visible pores and lack of radiance. Whether you have dry, oily or combination skin, regular exfoliation is vital to prevent your skin developing a coarse texture. As we age, the natural renewal process of the skin slows down, making exfoliation even more important to keep skin looking its best. Regular exfoliation is also vital to ensuring you're gaining the maximum benefits from other products in your skincare regimen.

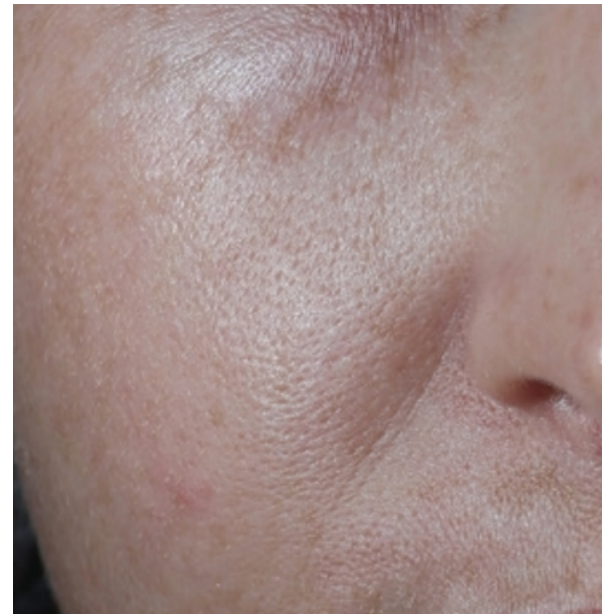

Ultra Smoothing Pore Refiner

Refines the appearance of visible pores, smooths skin's texture and improves overall skin luminosity and radiance. Featuring exfoliators AHAs, BHA with brightening agents Willow Bark extract and Niacinamide.

BODY DRYNESS & DEHYDRATION

Most of us remember to exfoliate our faces but usually forget when it comes to the body. Our skin sheds millions of cells per day so it's important to ensure that these dead skin cells don't build up on the surface as this can lead to dry, dull skin and rough skin texture.

Ultra Retexturising Body Complex

This fast-absorbing dual action formula exfoliates and hydrates skin to help significantly improve the appearance of dull, dehydrated skin on the body. Leaves skin looking smoother, brighter, firmer, and more youthful. 200ml
